Date: 29 October 2013

Dear Sir/Madam

Application at: North Selby Mine New Road Deighton York YO19 6EZ

For: Demolition of existing buildings and re-profiling of bunds and areas of the former mine, construction of an anaerobic digestion combined heat and power facility and horticultural glasshouse and associated infrastructure and works (reconsidered application following quashing of approval)

By: Mr Richard Barker

Type of Application: Major Full Application (13 weeks)

You may recall that we wrote to you to advise that the above application had been approved by the Council on 14th May 2013. Following a legal challenge that decision has been quashed by the High Court and as such the application must be reconsidered by the Council.

An addendum to the Environmental Statement has also been received from the applicant.

If you have access to the internet, details of the addendum and the application can be viewed at <http://www.york.gov.uk/planning> and selecting the "View Planning Applications Online" option on the right hand side of the screen and Application Search using the reference number at the top of this letter. If you would like to comment, it is important that you do so in writing before 19 November 2013 to the above address. You are advised to inspect the information to ensure you understand what is being proposed. For technical reasons you will not be able to comment online, however you can still write or email to the above address. Please note that we are no longer able to acknowledge receipt of your comment.

If you wish to visit our reception to view the file, please contact [01904 551550](tel:01904551550) to arrange a visit.

Any views which we receive and take into account will be publicly available and may be copied by any member of the public. Again, due to the volume of responses received to planning application consultation, it is not possible to respond in writing to individual points or queries raised in letters.

If you have any queries on the above points, or the amendments proposed, please do not hesitate to contact me.

Yours faithfully

Hannah Blackburn
Development Management Officer
